

Air Boy® Inflating gun - Auto

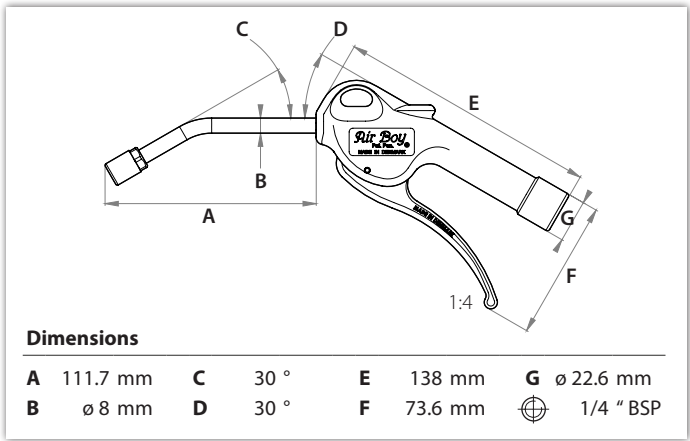

Fits cars, mountain bikes, etc.

Air Boy® inflating gun with "Schrader-valve" used in cars, mopeds, wide bicycle tyres and prams.

The JWL design is a classic in itself. We use compressed air to ease the use of the handle; the handle is always soft and pleasant to hold and never cools during use.

The body of the Air Boy® inflating gun is produced in an impact-resistant acetal plastic (POM)

Remember always to check the tire pressure.
