

Air Boy® Classic

Robust, impact-resistant and leakage free

Blowgun with bent pipe, ø6mm

The JWL ergonomic design is a classic in itself. We use the compressed air to ease the activation of the handle making it easy, precise and simple to operate.

The Air Boy® Classic is produced in an impact-resistant acetal plastic (POM)

l/min(cfm) / bar(psi)

The durability of our blowguns is top notch - even after 28 million operations. Therefore, we are also proud to offer you a 25 year warranty on the valve system in your Air Boy® blowgun!

Materials

Flow

Handle and trigger	Acetal plastic
Valve	Acetal plastic
Gaskets / O-rings	Nitrile
Blowing tube & shaft	Steel, el. galvanised
Spring	Hardened spring wire

Specifications
