Zedel trading as Petzl

EC Directive 89/686/EEC

EC Type-examination

Issue 4

PPE Product

Petzl® VERTEX BEST, Helmet for work at height and rescue, with an ABS shell, which is available in one nominal size (head sizes 53-63 cm) and seven colour options: Black (colour code: N), Blue (B), Green (G), Orange (O), Red (R), Yellow (Y) & White (W), product code: A10BXA, where X is the colour code of the shell.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the manufacturer's technical specification

[based upon EN 397:2012 + A1:2012 (Industrial safety helmets) requirements, except for clause 5.1.4 Chin strap anchorages, the retention system requirements specified for the helmet are those in EN 12492:2012 + A1:2012 (Mountaineering equipment - Helmets for mountaineers)], which had been previously assessed and deemed to meet the basic health and safety requirements (Annex II) of the Directive.

In addition the PPE met the optional performance requirements of

EN 397:2012 + A1:2012 for: very low temperatures at -30°C (clause 5.2.1), electrical properties (clause 5.2.3), lateral deformation (clause 5.2.4) & molten metal splash (clause 5.2.5).

The manufacturer's information notice [A165060D (080211)], in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: VERTEX BEST Ref 10BXY, issue November 2010 with amendments to November 2015.
